

Fall 2022 Sewer Cleaning and Televising

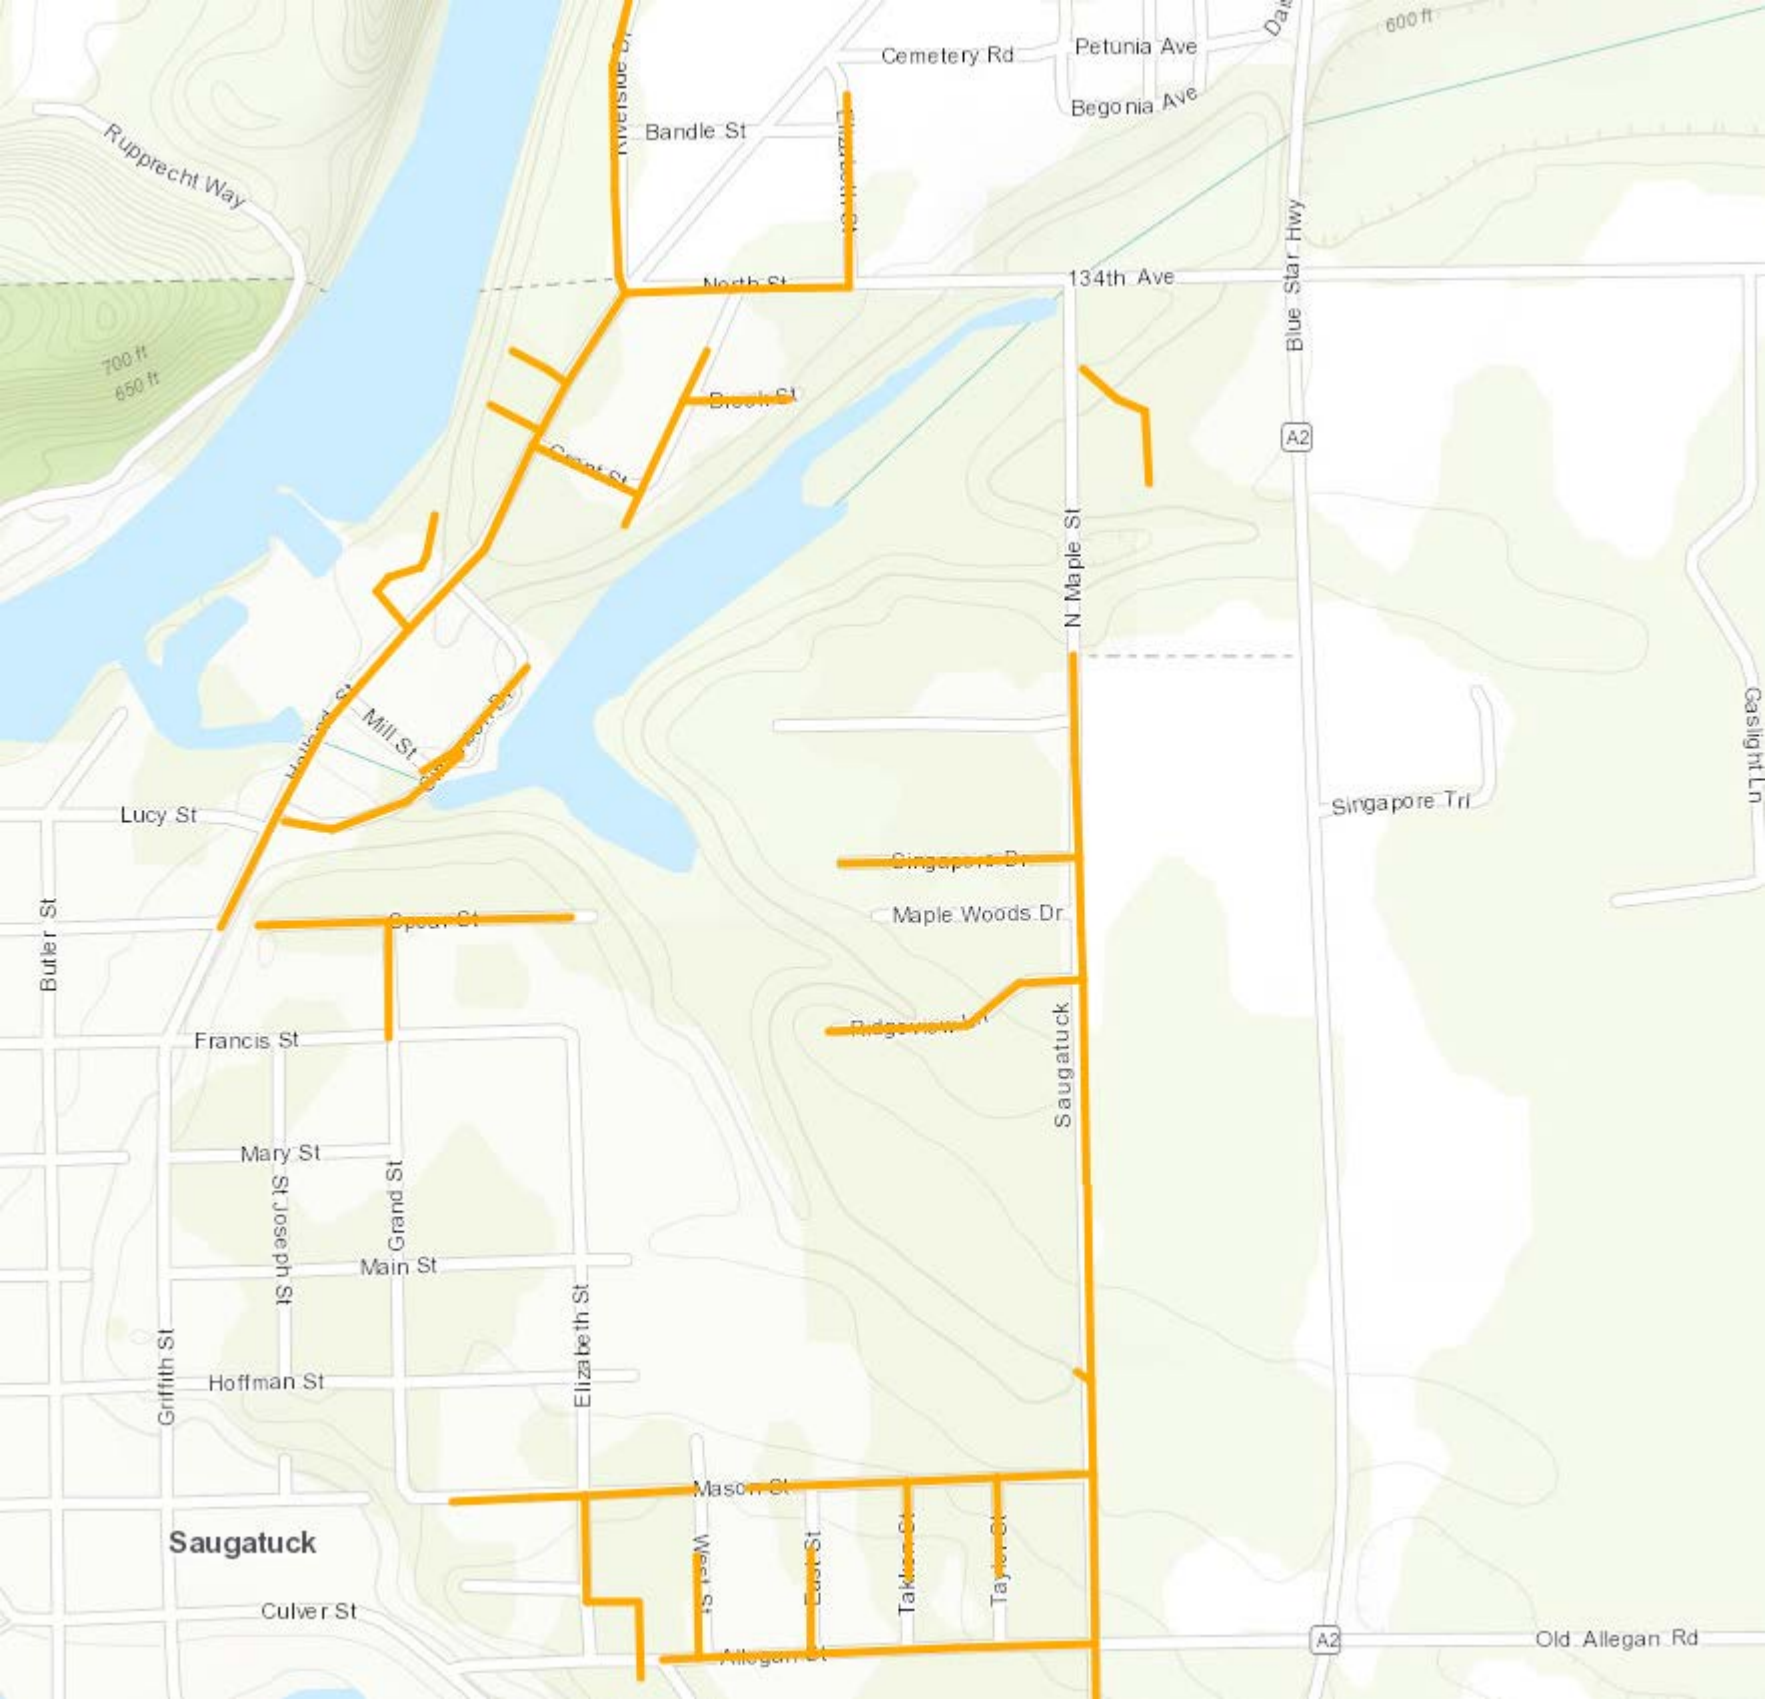

The KLSWA has hired Plummers Environmental for limited sewer cleaning and televising for Fall 2022. The work is to clean the sewer system of debris, clogs and roots with possible repairs to insure better sewer service for our customers.

Plummers Environmental will be cleaning and televising the sanitary sewer system at the yellow highlighted areas noted on the following page.

This work will be performed November 3rd through November 22, 2022.

When this cleaning is being performed near your residence you may hear odd sounds and your drains or toilets may gurgle. Please keep your toilet lids down during this timeframe in the event of sewer cleaning complications.

If you experience issues at your residence, please call the KLSWA at 269-857-2709 or if urgent please approach the Plummers Environmental staff immediately to address the issue.
