Supplemental Information for Application to Board of Appeals:

Since a variance cannot be authorized by the Board of Appeals unless it finds reasonable evidence that all of the following conditions exist, it is imperative that you give information to show that these facts and conditions do exist. See [Article II, Division 2](#).

A. That there are exceptional or extra-ordinary circumstances or conditions applying to the property in question as to the intended use of same that do not apply generally to other properties in the same zone district.

B. That such variance is necessary for preservation and enjoyment of a substantial property right similar to that possessed by other property right similar to that possessed by other properties in the same zone district and in the vicinity; provided that the possibility of increased financial return shall not of itself be deemed to warrant variance.

C. That the authorizing of such variance will not be of substantial detriment of adjacent property and will not materially impair the intent and purposes of the Zoning Ordinance of the public health, safety, and welfare.

D. That the condition or situation of the specific piece of property or the intended use of said property for which the variance is sought is not of so general or recurrent a nature as to make reasonably practicable the formulation of a general regulation for such condition or situation.
